These dinners are growing in popularity partly due to the delicious food served by women of

the Church.

CRIMES OF HARD WATER

1. Wastes soap to the tune of millions of dollars a year.
2. Grays fabrics you launder, roughens them to the touch.
3. Wears out clothes and linens faster, because of sticky deposits that destroy delicate fabrics.
4. Deposits scale in heating units, water heaters, plumbing pipes, even pots and kettles, eventually they must be replaced.
5. Increases heating fuel costs, because scale in pipes retards heat flow, lessens the life of hot water tanks.
6. Toughens vegetables cooked in it.
7. Changes the taste of coffee, tea and other foods.
8. Clogs the pores of your skin and produces rashes on people having allergies to it.
9. Makes dishes, glassware, and silverware dull.
10. Uses up housewives energy in scrubbing and polishing, which are unnecessary with soft water.
11. Soft water saves the average family of four, at least \$117.20 per year.

WE HAVE IT, YOU NEED IT THE FILTRATOR WATER CONDITIONER & FILTER

Due to exceptionally hard water in this area, there is an urgent need for savings on plumbing—soaps—detergents—bleach—shampoo—detergents—scouring powder—bottled water—fuel and clothing.

Our soft water unit is unconditionally guaranteed for 10 yrs. 100% FHA financing is available. Free demonstrations cheerfully given at anytime without any obligations.
